LAPBAGS AND VERRER NEEDLE

Products

Order-No.

Description

420-01010
(Size XL/190 x 210 mm)

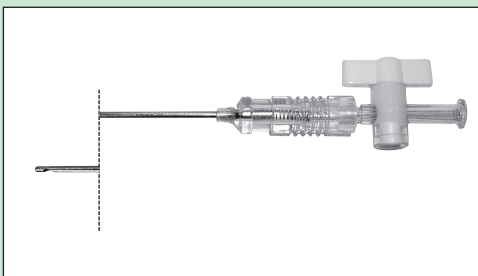

420-01020
(Size L/160 x 180 mm)

420-01030
(Size M/120 x 135 mm)

LapBag

- MGB's LapBag is a highend retrievable system
- Automatically opened by preloaded spring
- Transparent and ultimate-strength bag-materiel
- For use with a minimum Ø 10 mm trocar sleeve
- Easy handling

- Sterile
- 10 pcs./box

420-02010

420-02020

Verres Needle

- Luer stopcock
- Working length: 120 mm
- Working length: 150 mm

- Sterile
- 25 pcs./box

420-01200

TV Camera Drape

- 13 x 250 cm

- Sterile
- 100 pcs./box

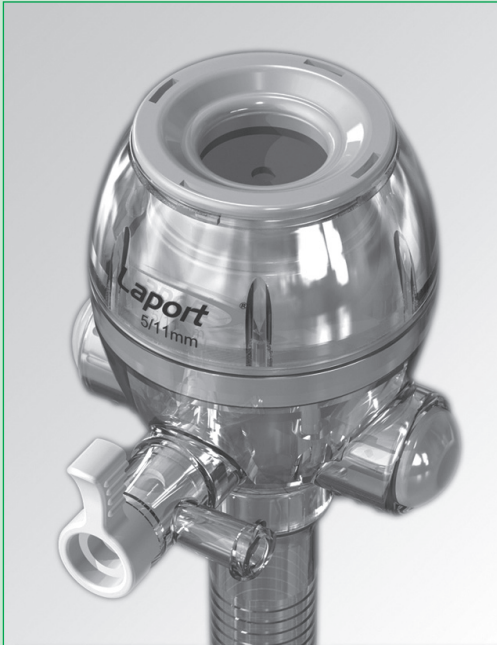

675-11200

Filter

- For insufflator
- Conus 15 mm

- 50 pcs./box

Laport®-U UNIVERSAL TROCAR SYSTEM

New Features

- Universal seal allows passage of instruments of a wide range
- Highly elastic fibres
- Excellent restorative capacity
- Minimized friction

What else?

- Transparent sleeve and trocar housing
- Automatic flap-valve
- Flap-valve activated by the instrument or manually by pushing a button
- Ergonomic trocar housing with improved weight-balance
- Extremely fast responding safety shield-system
- Simple blade activation-system
- Optimised dilating obturator design
- Available in sets or as stand-alone

- No need for a reducer anymore
- Enhanced performance during surgery
- This saves time & money

Laport 11

New Laport-U 5/11

Laport®-U UNIVERSAL TROCAR SYSTEM

Products

Order-No.

Description

Ø 5 mm - Ø 11 mm

420-05111

Laport-U disposable Trocar-Set

- Universal trocar sleeve and safety shielded trocar

420-05211

- Universal trocar sleeve and safety dilating trocar

420-05311

- Universal trocar sleeve

- 10 pcs./box
- Working length: 100 mm

Ø 5 mm - Ø 12 mm

420-05112

Laport-U disposable Trocar-Set

- Universal trocar sleeve and safety shielded trocar

420-05212

- Universal trocar sleeve and safety dilating trocar

420-05312

- Universal trocar sleeve

- 10 pcs./box
- Working length: 100 mm

Laport® DISPOSABLE TROCAR SYSTEM

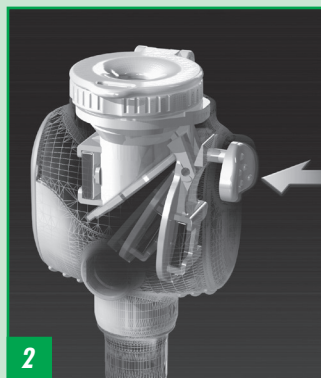

Established Design

- Transparent sleeve and transparent trocar housing
- Magnetic flap-valve
- Flap-valve activated by the instrument or manually by pressing a button
- Ergonomic trocar-housing with better weight-balance
- Fixed and 360° rotatable reducer for sleeve-diameter 10mm/11mm, 12 mm
- New and extremely fast responding safety shield-system
- New designed dilating obturator
- In combination with the approved benefits of the former version (like threaded integrated sleeve, availability in set's etc.), you will be able to compete successfully in the "premium market" of disposable access instrumentation

1 Rotating Reducer Cap:

It has a reducer cap, which can be rotated 360°, for comfortable performance of surgical procedures.

2 One Touch Valve Control:

A valve, which is driven by a button, allows sealing of the system. Its activation is useful for intra-abdominal gauze or specimen retrieval. It can be activated with a single hand. A stopcock for gas insufflation is included.

3 No Fear for reducer Cap Loss:

The reducer cap is connected to the main body of trocar through a hinge, thus risk of reducer cap loss or contamination is eliminated.

4 Simple Blade Activation System:

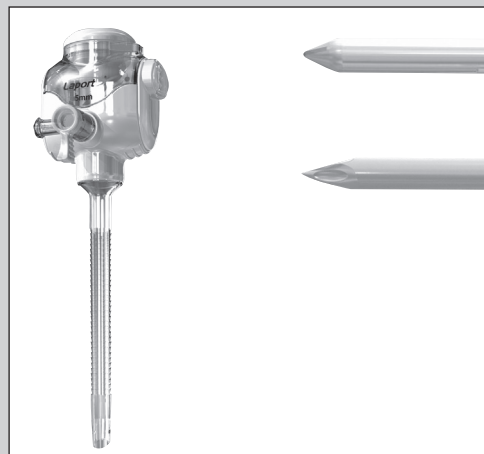

The obturator has a safety button which activates a retractile internal cutting knife. It is only activated during trocar insertion maneuver.

Laport® DISPOSABLE TROCAR SYSTEM

Products

Order-No.

Description

420-04105 (100 mm)
420-04105/75 (75 mm)

Laport Disposable Trocar-Set

- Trocar sleeve and safety shielded trocar

420-04205 (100 mm)
420-04205/75 (75 mm)

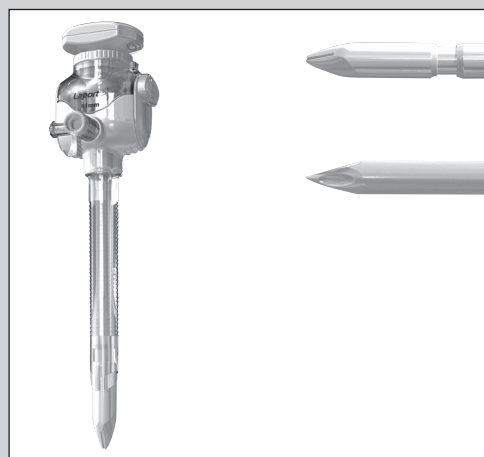

- Trocar sleeve and dilating trocar

420-04305 (100 mm)
420-04305/75 (75 mm)

- Disposable trocar sleeve

Ø 5 mm

- 10 pcs./box
- Working length: 100 mm/75 mm

420-04111

Laport Disposable Trocar-Set

- Trocar sleeve and safety shielded trocar

420-04211

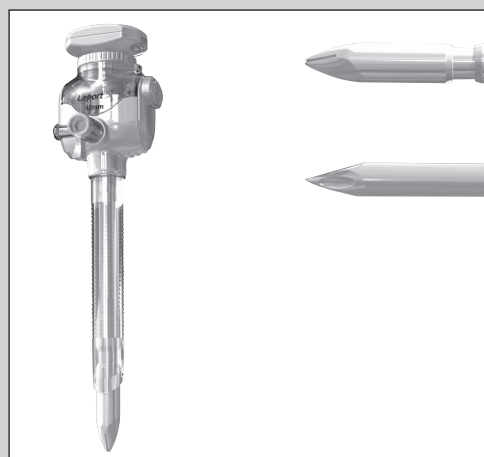

- Trocar sleeve and dilating trocar

420-04311

- Disposable trocar sleeve

Ø 10/11 mm

- 10 pcs./box
- incl. reducer for Ø 5 mm instruments
- Working length: 100 mm

420-04112

Laport Disposable Trocar-Set

- Trocar sleeve and safety shielded trocar

420-04212

- Trocar sleeve and dilating trocar

420-04312

- Disposable trocar sleeve

Ø 12 mm

- 10 pcs./box
- incl. reducer for Ø 5 mm instruments
- Working length: 100 mm

Laport® LAPORT OPTICAL

Products

Order-No.

Description

420-06111

*Trocar sleeve and
optical dilating trocar*

Ø 11 mm

- 10 pcs./box
- Working length: 150 mm

420-06112

*Universal trocar sleeve
and optical dilating trocar*

Ø 12 mm

- 10 pcs./box
- Working length: 150 mm

420-06211

*Trocar sleeve and
optical dilating trocar*

420-06212

*Universal trocar sleeve
and optical dilating trocar*

Laport® LAPORT OPTICAL

Products

Order-No.

Description

420-06311

*Trocar sleeve and
optical dilating trocar*

Ø 12 mm

- 10 pcs./box
- Working length: 103 mm

420-06312

*Universal trocar sleeve
and optical dilating trocar*

Idea

Allow entry into the abdominal cavity
under direct vision

Advantages

- Enable visualization of tissue layers during insertion
- Risk of tearing or lacerating blood vessels or bowel is largely excluded

DISPOSABLES

and blunt dilating trocar
incl. Hasson cone*

SLS TITAN CLIPS

Products

Order-No.

Description

429-70381

SLS Titan **LARGE**

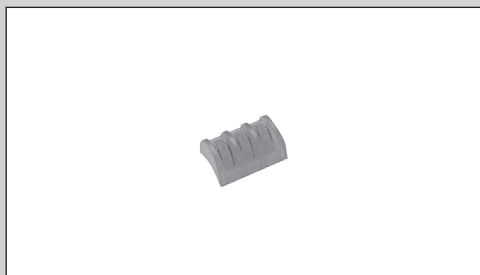

■ Box with 20 cartridges of 6 clips

429-70379

SLS Titan Clip **MEDIUM-LARGE**

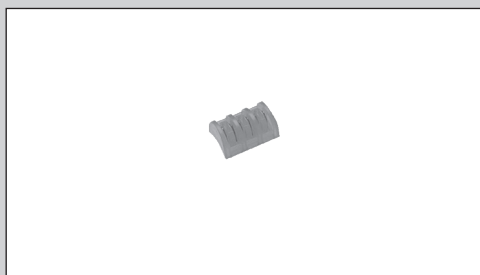

■ Box with 20 cartridges of 6 clips

429-70389

SLS Titan Clip **MEDIUM**

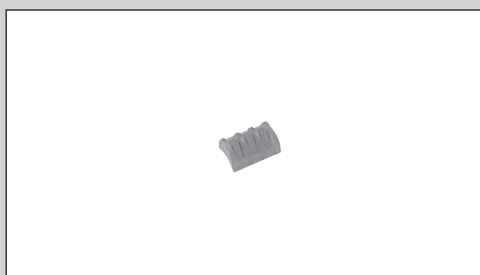

■ Box with 30 cartridges of 6 clips

429-70392

SLS Titan Clip **SMALL-MEDIUM**

■ Box with 30 cartridges of 6 clips

429-70388

SLS Titan Clip **SMALL**

■ Box with 30 cartridges of 6 clips

1 Pure Titanium:

Pure titanium annealed to a malleable consistency providing maximum vessel occlusion and zero memory to prevent tip opening after application. Biologically inert, radiolucent and non magnetic for use with MRI or related scanning equipment.

2 Chevron Shape:

Chevron shape provides progressive and encompassing tip to tip closure before complete and secure occlusion of tissue or vessel.

3 Diamond Shape Grooving:

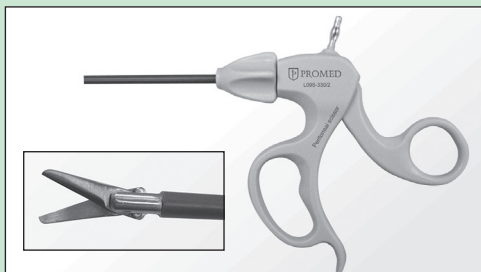

Diamond grooving and interlocking atraumatic teeth design of the clip ensures enhanced security in vessel closure: striation is composed of small pyramidal heads, similar to tungsten inserts from needle-holders, insuring a firm multi-directional non hurting vessel grip.

DISPOSABLE LAPAROSCOPIC INSTRUMENTS

Products

Order-No.

Description

L 09 S-330/2

Straight Scissor

- Double action
- Working length: 330 mm

■ 10 pcs./box
